Jewish Soldiers Project**

*Since 2007, the Rochester-based Jewish Soldiers Project has provided for the needs of thousands of American Jewish servicemembers across the country and around the world, expanding from a local program to a nationwide effort.*

*Today, the nonprofit Jewish Soldiers Project sends monthly Shabbat Box care packages with challah, grape juice and baked goods to military bases in the United States and overseas, including the Middle East and Europe. In the last year, JSP also sent over 125 packages for Rosh Hashanah, Chanukah, Purim and Passover, to Jews serving in dozens of domestic bases, 30 nations, military academies and ships at sea, and more than 6,000 Chanukah and Purim cards made by children at over 150 schools in 35 states.*
